

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

FEBRUARY 24, 2009

The Montrose-La Crescenta CSD was adopted by the Board on January 30, 2007. Staff and the Regional Planning Commission are recommending adoption of an amendment to require design and development standards for the Foothill Boulevard corridor. These standards will insure that future projects are designed well, compatible with existing development, and reflective of the unique character of La Crescenta.

I, THEREFORE, MOVE that the Board of Supervisors:

- Close the public hearing;
- Adopt the negative declaration; and
- Direct County Counsel to prepare a final ordinance for adoption by the Board of Supervisors at a future meeting.
